For more than 21 years, we at Bellevue Imports have understood the importance of the symbiotic relationship between design and form, form and function, aesthetics and practicality. You cannot have one without the other; equally important is tactile & visual interaction.

With this in mind, Bellevue Imports is proud to announce the opening of our new showroom at 954 Glenhuntly Road Caulfield South. We have spent significant time and effort to provide you the industry a place to come, see and interact with our products.

Our show room has doubled in size, and can now offer a significantly larger range of architecturally inspired products. We invite you, and your clients to come and visit us at our new showroom. Here you can experience the best of European design and quality in person, while discussing your unique requirements.

On display are new designs from Olivari of Italy, Justor & Didheya of Spain, Union Knopf of Germany as well as new models in our kitchen & Cabinetware range, a large range of locks and accessories and a new range of large entry door pulls.

For convenience, our showroom is open from 8.30am - 5.30pm Monday to Friday and 9.00am - 2.00pm on Saturday.

We invite you to come and visit us at our new showroom, bring your plans with you and our helpful staff can help you find the right product for your individual needs or at the very least, make you a cup of coffee.

When quality and design matter; consider Bellevue.

About Bellevue.

In 1983 while renovating my own home I experienced something that I am sure is not uncommon to our industry; the inability to find high quality and uniquely designed architectural door and cabinet furniture.

Frustrated with what I did find, I spoke to a number of leading Architects and Interior Designers who all agreed that the Australian market could benefit significantly if products available overseas were available locally.

Recognising the need for these types of products locally, I took the opportunity to work with some of the leading manufacturers and designers around the world to form Bellevue Imports. We now provide Australia and New Zealand with an extensive range of products that are recognised as world class in quality, design and craftsmanship.

Since Bellevue's inception I have committed to bring to Australia the newest and most comprehensive range of products that I can find from around the world. These products include, but are not limited to Door Handles, Kitchen & Cabinet Handles, and Bathroom Accessories, from such famous manufacturers like Olivari of Italy, Cosma of Italy, Justor of Spain, Union of Japan and Mario Bongio of Italy just to name a few.

Bellevue Imports is a wholly Australian owned company that operates throughout Australia and New Zealand on one simple principle; THE CUSTOMER COMES FIRST.

I look forward to continuing to work with you, the innovators of our industry.

Yours Sincerely,

Aron Midler
