

**Olivari by Bellevue.**

*When style, quality and design is a part of your lifestyle, Bellevue's new 2003 range of door levers can't be overlooked. Each handle is designed by world renowned designers, each stamping their own unique personality on each item, manufactured by Olivari of Italy (manufacturing door handles since 1911). This combination provides Architects & Interior Designers an opportunity to create something special and unique.*

*Each of these new handles is of the highest quality and represents the latest in design and finish from Europe. It is with pleasure that we now make these items available to the Australian market. More information about these items can be seen on our web site @ [www.bellevueimports.com.au](http://www.bellevueimports.com.au) or Ph: 03 9571 5666.*
